Black series

**Designed by LIHIT LAB.,
the first to make colorful file in Japan.**

Concept

Live with plastics.

The Japanese first-ever color file maker **LIHIT LAB.** has created a new concept "all in black" series.

In our life, we have disposals which cannot be reduced while making products by plastic sheets.

This time, **LIHIT LAB.** creates new sheets by collecting, crushing and reusing colored disposed plastics.

Mixing all the colors together, the finished product turns into pure black.

To live a long and sustainable life with plastics, we would like to present you
